## FRIDAY FEED!

The final day of Session One is here! Campers started the morning with yummy deconstructed breakfast tacos before heading to the Snack Shack to collect their CGL T-shirts and have their cabin photos taken.

Over the last couple of days, campers have been wrapping up projects in ceramics, woodworking, and arts and crafts, and the fabulous Fort Building Kingdom has sadly been decommissioned to make way for our next group of campers.

After a crazy storm blew through last night, bringing hail that made it look like it had snowed, we extended the evening program and hosted a whole-camp dance party in the Big Hall. The sun was shining again this morning, allowing campers to make the most of their final three activities of the session.

This afternoon, campers packed and tidied their cabins before donning their best outfits for Fancy Friday, featuring a chicken dinner followed by the camp classic worms 'n dirt for dessert!

This week's Keylog theme is Authentic Connections, featuring camper quotes from Rowan G., Hutton C., and Quinn S. Parker R., Louisa M., and Counselor Sol played guitar and sang Twinkling Lights, while Julie D. created our program cover art.

## ART SHOW

Campers had the opportunity to show off projects they had worked on during the session at our Art Show this evening!

Campers displayed projects from Arts and Crafts, including pipe cleaner flowers and painted Dungeons and Dragons figurines, Woodworking and Ceramics.

We loved to see the creativity and imagination shine through!
